5110

Painter's Indoor Fine Line Masking Tape

**Product Description**

Professional high-performance Washi Masking Tape designed to be the all-in-one product for every painting and decorating activities in indoor environments. Thanks to its special tacky rubber-based adhesive, the Washi Tape 5110 ensures absolutely clean, razor sharp paint edges from most common indoor surfaces with absolute clean removal without damages after 1 week from the application. It is very conformable, compatible with both solvent-based and water-based paints, and water resistant, becoming the universal product for every indoor painting activity where professional result is requested. UV exposure not recommended.

Features

- Tacky special adhesive with delicate but firm quick stick
- Soft and stable unwinding
- Sharp paint break-lines
- Resistant to moisture and most common water and solvent base paints
- 1-week clean removal from most common surfaces in indoor environment (PVC, glass, wood, aluminum, drywalls)
- 4 days clean removal from delicate surfaces in indoor environment like fresh paints**
- Excellent paint anchorage
- Water resistant

Main Applications

- Fine line painting application for indoor and decorative jobs

**Please check the drying time of the paint you are using before removing the tape or applying the second coat of paint.
